

THE UNICORN BOOK OF DARTS

CONDITIONS OF SALE

CARRIAGE and PACKING

UNITED KINGDOM—Goods value £10 or over (net, not including Purchase Tax) are sent packing and carriage free.
Packing at cost will be charged on orders to the value of £1 or under.
OVERSEAS—All prices ex works, packing extra.

COMPLAINTS

Complaints, if any, must be notified within 3 days from the receipt of goods, otherwise no responsibility can be accepted. In case of loss or damage our liability does not exceed that of the carriers.

RETURNS

No returns can be accepted in any circumstances whatsoever without our prior consent in writing.

CANCELLATION

No cancellation of orders can be accepted once goods have left our premises.

GUARANTEE

We do not give the usual type of guarantee, which is subject to so many conditions as to be worthless. It is, however, our aim to ensure the complete satisfaction of our customers and in case of a genuine complaint as to the quality of our goods we shall be anxious to rectify any fault of our own free will and at our discretion only.

SETTLEMENT DISCOUNTS

All accounts are payable by the 20th of the month following delivery and no credit beyond this period can be extended. Cash discount is allowed as follows:—

3¼% seven days, 2¼% monthly accounts.

The amount of discount allowable is clearly stated on every invoice and no variation of such amounts can be accepted. No discount can be allowed on invoices the net value of which (i.e. amount without Purchase Tax) does not exceed £1.

N.B. Discount terms are applicable to United Kingdom customers only.

PRICE MAINTENANCE

All UNICORN Branded goods are sold on the express understanding that they will not be resold at prices other than those quoted in our price lists.

ACCEPTANCE of Orders

All orders are accepted by us on the understanding that the above Conditions of Sale form the basis of the Contract of Sale entered into by the placing and acceptance of such orders.

UNICORN Darts and Accessories are distributed exclusively through accredited retailers and cannot be supplied direct to clubs or individuals. If in difficulty please ask for address of nearest retailer.

We reserve the right to make any alteration in the design, material or arrangement of our products, or any part of same which, in our view, will improve them.

All UNICORN products, including their construction, design, arrangement and trade names, are protected by patents, design registrations, trade marks, copyrights and/or pending applications and rigorous action will be taken against all infringers.

The contents of this volume, including text, illustrations and arrangement, are copyright and all rights in connection therewith are reserved.

October, 1959

Dear Sirs,

It gives us very great pleasure to hand you herewith copy of the 3rd Edition of "The Unicorn Book of Darts," together with Price List in which controlled retail prices are indicated in red.

This Edition has been completely revised and we would draw your attention especially to the pages describing and illustrating new lines introduced since the previous Edition was published in 1954, and to Pages 14a and 14b referring to our very latest lines: the PRINCESS and TAVERN darts.

An important innovation is that all Numbered Series Darts and some others are shown *full size in colour* to enable all these darts to be recognised at a glance and to make selection easier.

Some items have been modified since 1954 and some obsolete items have been cancelled, so please make sure to discard the 1954 Edition and use the present volume instead.

The sale of UNICORN Dart Equipment has now become a major item of revenue for those of our Distributors who take due interest in and devote an all-the-year-round display to it and we invite you to secure your share of the UNICORN boom by joining the ranks of the "100% UNICORN" distributors and by specialising with UNICORN—the Dart Specialists of world-wide repute.

Yours faithfully,

UNICORN PRODUCTS LTD.

PREFACE TO THE THIRD EDITION

THIS Edition of "The Unicorn Book of Darts" has been entirely revised and reflects the great progress of the Company in the service of the game since the publication of the Second Edition in 1954.

During the last five years many new lines, which are catalogued—mostly with coloured illustrations—for the first time, have been added to our range.

All patterns of our "Numbered Series" Darts and many other types are illustrated Full Size in colour, which will greatly assist in identifying any pattern required.

We commend this Book to everybody concerned with the Game of Darts in any capacity as a Golden Treasury of ideas and as a mine of information concerning the finest and most complete equipment for the game ever offered.

October 1959

WE have been gratified by the many generous and appreciative comments which we have received from all quarters in regard to the First Edition of this book.

We have not been idle during the period which has elapsed since May 1950. The pages that follow disclose many additions to, and numerous improvements in, our range of products and we hope that our efforts will meet with the approval of the Trade and of dart players all over the world.

January 1954

PREFACE TO THE SECOND EDITION

PREFACE TO THE FIRST EDITION

THE Unicorn Book of Darts will, we hope, be accepted by our many friends in trade circles at home and abroad, and also by the vast army of dart enthusiasts all over the world, as a reference book on the game of Darts, rather than merely as a trade catalogue.

We feel that such a publication, to our knowledge the first of its kind, is needed, in view of the ever-growing popularity of the game and that the chapters on the history of darts, the rules and hints on play will be read with interest by all.

We are conscious of the shortcomings of this little volume, and we shall therefore welcome any helpful suggestions and criticisms, which may enable us to improve future editions.

May 1950

The Fascination of Darts

THE game of Darts is, without a doubt, one of the most fascinating and useful games ever invented. It has many excellent qualities to commend it to all those who enjoy fun, good companionship, gentle exercise and the exhilaration afforded by prowess, which are the rewards so abundantly showered by the game on its adherents.

Darts are enjoyed by young and old of both sexes, by princes and tramps, by the learned and the illiterate. For the amount of fun and enjoyment it provides the cost involved is negligible and the game is so adaptable that it can be played indoors or out, in the home, in hotels, in clubs, in works canteens, at festivals, fairs, in short anywhere, where at least two people meet together.

It is just the thing when friends or neighbours turn up, unexpectedly or on purpose, in crowded cities with overpowering attractions, or in remote places, where other amusements are scarce.

The winner is always a hero and his achievement is a challenge which cannot be resisted. Thus, win or lose, darts always retain their fascination and a game of darts is guaranteed to refresh anyone in mind and body.

ON UNICORN DARTS

THE UNICORN business, now known all over the world, originated with the invention by Mr. F. Lowy in 1937 of the Silver Comet Precision Darts (page 16). In those days choice was restricted to a few dart-patterns only, which were fitted either with French feather flights, or with canes. Equipment then available could have been catalogued on a single quarto page and we can truly claim that the transformation reflected by this Book was initiated and developed entirely by ourselves.

Enthusiasm for any pastime grows with the refinement and presentation of the equipment used for it and we claim that by providing such equipment we have made a major contribution to the present popularity of the game of Darts.

All UNICORN Darts are manufactured entirely in our own works to precision limits and we guarantee that no dart in a set will vary more than $\frac{1}{2}$ gram in weight from the other two. The elegance of our designs, balance, finish and packaging are unsurpassed and any item bearing the UNICORN name is guaranteed to give full satisfaction.

In spite of the vast range of different patterns we offer, the call for "specials" is a frequent occurrence—which proves that dart players are most particular regarding their "tools", down to the minutest detail. *We are always pleased to meet any request for any dart equipment at any time.*

UNICORN Darts are normally supplied in Brass, but we can also supply any pattern Chromium Plated, or in other metals, such as Aluminium, Nickel Silver, Stainless Steel, Sterling Silver or 9-carat Gold.

Remember: UNICORN stands for "EVERYTHING of the best for the Dart player!"

HOW TO ORDER

ALTHOUGH this catalogue embraces over 20,000 items and combinations of dart patterns, packs and flights, ordering any particular requirement is extremely simple, provided the following instructions are observed.

For ordering sets of Darts, which are combinations of pack, flight and dart body, it is necessary to indicate:—

- (1) style of pack,
- (2) type of flight,
- (3) pattern number or name of dart.

First, select the style of pack required by referring to pages 8 to 15, and indicate by Code given.

Second, indicate type of flight by: “**F**” for feather; “**U**” (Uniplume) or “**Q**” for plastic; “**C**” for Cane. *The correct size of flight for pack and dart body will be automatically fitted.*

Third, select the style of dart required by reference to pages 16 to 44 and indicate by name or number.

For example, if one dozen sets each of patterns **102**, **194** and **325**, with feather flights in **REX** pack are required merely put:

1 doz. sts. each REX/F/102, 194, 325

Follow a similar procedure with any other combination required.

To order Spare Flights, turn to Flight Section (pages 46 to 51 & 54) and select flight required, checking size of thread with Dart for which the flight is intended. Thread is indicated against each Dart and Flight. Quote only Code or Name of Flight.

To order any other item quote *only* Code or Name indicated.

TABLE OF WEIGHTS

In view of the paramount importance of weight, special attention is drawn to the Weight Index which equals the actual weight of each dart (without flight) in grams, to the nearest whole gram (1 gram = 1/30 ounce).

The Weight Index is indicated against each dart on pages 16 to 44.

The following Table will facilitate the selection of darts by weight and also includes popular descriptions of various Weight Groups.

Popular Description	Weight Index (Weight in Grams)	Name or Pattern Number
Very Light	6	175, Extralite
	7	171, 172, 173, 174, 176
	8	177, 178, 179

THERE IS A UNICORN DART TO SUIT THE MOST EXACTING PLAYER

The

“PLUS-TWO” DART PACK

Patents Nos. 532,442 and 668,857

THIS ingenious Presentation Pack, which has been a great favourite for many years, includes a set of Chromium-Plated Unicorn Darts in Ivory Plastic Case and two spare Feather Flights, thus ensuring that the correct replacement flights are always available.

The unique patented arrangement for holding the darts immovably in position is too well known to require elaboration.

- To order quote: **PT De-Luxe**
adding pattern number or name of Dart required.

These sets can also be supplied in a cheaper edition, consisting of Brass Darts in Red, Green, Blue or Yellow Plastic Case.

- To order quote: **PT**
adding pattern number or name of Dart required.

THE “REX” UNBREAKABLE PLASTIC WALLET PACK

INTRODUCED in 1958, as an alternative to our Cardboard Box packs (without increase in cost) this exclusive pack has found immediate and overwhelming acceptance. Although light and soft, it protects the Darts perfectly and fits pocket snugly. The REX is a complete contemporary departure from any previous pack known and special attention is drawn to its pleasing and artistic design.

Each REX set is packed in an outer sleeve for easy stacking.

Darts in REX packs can be supplied with standard length Adaptor Feather Flights, or Uniplume or Q Plastic Flights.

- To order quote: **REX**
adding type of flight and pattern number or name of Dart required.

VP DART PACK

Patent No. 668,857

WE were the first to introduce a Plastic Pack for Darts in 1948 and although we have been flattered by the usual crop of imitators, the appeal, quality and elegance of our own pack stands supreme.

Crystal lids ensure perfect visibility of contents and a most pleasing effect is created by the Red, Blue, Green and Yellow bases in combination with contrasting colours of the Flights fitted to the Darts.

Darts in VP pack can be supplied with standard Plastic or Feather Flights and also with 4-in. and 5-in. Feather Flights, for which purpose three sizes are provided.

To order:

- With Uniplume Stemless Plastic Flights quote **VPU**
- With Q Plastic Flights .. **VPQ**
- With Standard Adaptor Feather Flights .. **VPF**
- With 4-in. Feather Flights .. **4VPF**
- With 5-in. Feather Flights .. **5VPF**

In each case add pattern number or name of Dart required.

NUMBER ONE DART CASES

Patents Nos. 656,005 and 668,857

IN high-impact Coloured Plastic, Crystal or 100% Pure Nylon. Tailored round the Darts, takes up minimum space in pocket or lady's handbag.

Code **NOS** (Small size) for all UNICORN Numbered Series Darts with Standard Feather, Q or Stemless Uniplume Plastic Flights.

Code **NOL** (Large size) for all UNICORN Numbered Series Darts with Darrow Flights (see page 51).

To order sets of Darts in Coloured Cases:—

- With Standard Adaptor Feather Flights quote **NOS/F**
- With Q Plastic Flights .. **NOS/Q**
- With Stemless Uniplume Plastic Flights .. **NOS/U**
- With Darrow Feather Flights .. **NOL/Darrow/F**
- With Darrow Plastic Flights .. **NOL/Darrow/P**

If Crystal Cases are required, prefix "V" example **V/NOS/F**

If Nylon Cases are required, prefix "Nylon" .. **Nylon/NOS/F**

In each case add pattern number or name of Dart required.

UNICORN "HALF-PINT" DARTS

For 10 Patterns available see Page 44.

With Adaptor Feather Flights or Q Plastic Flights, in Red or Green Plastic Cases as illustrated; in De-Luxe edition comprising Chromium Plated Darts in Ivory Plastic Case; or in plain cardboard boxes.

To order:

- In Plastic Case, Feather Flights quote **HPF**
- " " " Q Plastic " " **HPQ**
- " De-Luxe Edition, Feather Flights " **HPF De-Luxe**
- " " " Q Plastic " " **HPQ De-Luxe**
- " Cardboard Box, Feather Flights " **CB/HPF**
- " " " Q Plastic " " **CB/HPQ**

adding in each case pattern number of Dart required.

THE UNICORN "TRIDENT" CANE DART PACK

*Regd. Trade Mark
No. 881,076*

The ideal pack for
Darts with cane
shafts, introduced
1956.

THE resilient TRIDENT Holder as illustrated enables the darts to be safely carried in the pocket without any other protection. Patent Adaptors ensure perfect fit of Canes in Darts. Packed in contemporary design window carton for attractive display.

- To order:
- with 2" canes quote **2C**
 - " 3" " " **3C**

adding pattern number or name of Dart required in each case.

"LIMPET" DART PACK

with Plastic Swivel Dart Holder

Patent pending—Regd. Trade Mark No. 765,582

THE standard Cardboard Pack for all UNICORN Numbered Series Darts. Best quality box with linen hinge, covered Green Leatherette. Plastic Swivel LIMPET Holder replaces obsolete cardboard platform and ensures complete shelf-protection for points against rust.

To order:

- with standard Adaptor Feather Flights quote **GCBF**
- " Q Plastic " " **GCBQ**
- " Stemless Uniplume Plastic " " **GCBU**
- " 3" Feather " " **3GCBF**
- " 4" " " " **4GCBF**
- " 5" " " " **5GCBF**

adding pattern number or name of Dart required in each case.

The UNICORN WINDOW BOX

AS above, but Yellow Window Box, printed Black. For Darts with standard length flights only.

To order:

- with Standard Feather Flights quote **YCBF**
- " Q Plastic " " **YCBQ**
- " Stemless Uniplume " " **YCBU**

adding pattern number or name of Dart required in each case.

The

GOLDEN MATCH

The sensation of the British Sports Trade Fair 1957. A boon to the trade, sells at sight!

Supplied carded as shown, two dozen per card. Large card illustrated (for inside shop) with 22 sets, plus smaller card for window display with two sets, making two dozen in all.

Card Wallet or Unbreakable Plastic Wallet.

- To order:
- with Card Wallet quote **Golden Match/C**
 - .. Plastic Wallet .. **Golden Match/P**

Illustration full size

The Princess DART PACK

INTRODUCED late 1959, the Princess is a perfect half-size replica of full-size UNICORN Darts. The ideal vest-pocket Darts for match play.

With multicolour Adaptor Feather Flights in Crystal Plastic Case.

Carded as shown, two each of six of the most popular patterns plated pure gold.

• To order quote **Princess**

The TAVERN Series

Scoremaster^{SERIES}

Regd. Trade Mark No. 777,454

The Low-priced UNICORN Dart Pack

INCLUDES 12 of the most popular Unicorn patterns, namely: 102, 104, 106, 108, 153, 155, 157, 189, 221, 255, 275, 325. The attractive carton pack as illustrated is fitted with our Patent LIMPET plastic dart holder, which not only enables the darts to be displayed to best advantage, but also positively prevents rusting of the points.

Available *only* in UNIPACKS of three-dozen sets containing three sets of each of the patterns stated above. Standard Adaptor Feather Flights or Stemless Uniplume Plastic Flights.

To order:

- with Plastic Flights quote **SCOREMASTER/P**
- with Feather Flights quote **SCOREMASTER/F**

Available only in UNIPACKS of 3 dozen sets

DARTS WITH BRAND NAMES

ILLUSTRATIONS SHOW DARTS (EXCEPT GAMESHOT) TWO THIRDS ACTUAL SIZE

SILVER COMET

The first precision Dart ever, introduced 1937—and the first UNICORN Dart! Chromium-plated brass body, fitted slotted high tensile aluminium alloy shaft, flight held in position by streamlined cap screwed on rear end of shaft.

 adding "F" for Feather, or "U" or "Q" for Plastic Flight.

DARTS

Numbered Series

UNICORN Darts included in the "Numbered Series" represent the very best in dart design and manufacture. Each dart in the Series, which has been built up over a number of years and now includes 226 patterns, is most carefully designed to the minutest detail and is precision made to close limits, both as regards measurements and weight. These darts are made to satisfy the most exacting player.

For convenience, the patterns are grouped in six Sections:—

Section (1) Barrel Shaped Patterns.

" (2) Straight Patterns.

" (3) Torpedo Patterns.

Section (4) Front Taper Patterns.

" (5) Hexagon Patterns.

" (6) Fluted Patterns.

BARREL SHAPED PATTERNS

Barrel-shaped Darts are generally characterised by having their largest diameter approximately midway between their ends, reducing towards both front and rear. They are first choice by a vast number of players. We list 26 patterns in this group.

TORPEDO PATTERNS

Torpedo darts, with largest diameter near front and tapering towards the rear end, are extremely popular. We have carefully studied the preference of players regarding these darts and have developed, on this basis, a comprehensive range of 41 Torpedo patterns, all of which are in great and constant demand.

HEXAGON PATTERNS

Hexagon Darts have an appeal of their own to players who are happiest with a dart with flat faces, which has no tendency to roll between fingers and thumb. We offer a choice of 12 patterns in this group, including Barrel, Straight, Torpedo and Front Taper types.

"Half Pint" DARTS

A UNIQUE departure from conventional darts at its introduction in 1947, the "Half-Pint" is the original "little" dart. *Please beware of imitations!*

Splendid flyers, HALF-PINT darts are replicas on a reduced scale of patterns already listed, the corresponding pattern numbers are given as reference. They are all tapped with 3 B.A. thread and can be supplied either with **AHPC** Feather Flights or **HPQ** Plastic Flights. For packs for these darts see page 12.

"C" RANGE DARTS

These low-priced darts, which are nevertheless of excellent quality, have a very wide appeal. The patterns are those most sought after by dart players and the darts are available with plastic or feather flights, or with canes. Supplied in card boxes only.

To order quote code as under.

UNICORN DARTS ARE MADE TO PLEASE

UNICORN — the Original PLASTIC Dart Flight

first introduced in 1945 still the best. Perfectly moulded in guaranteed virgin material for durability and satisfaction

UNIPLUME STEMLESS

Patent No. 648,217

Introduced 1949. The four wings arise from a base or trunk without any central stem whatsoever, so that no obstruction is presented to a following dart. Also, the weight of the flight is reduced where it matters most, namely at the tail end, to the irreducible minimum.

Supplied in three lengths and three thread sizes as follows:

- SUS** (= Stemless Uniplume Short), length 2 1/4", thread 1/8" B.S.F.
- SUM** (= Stemless Uniplume Medium), length 2 1/2", thread 1/8" B.S.F.
- SUL** (= Stemless Uniplume Long), length 2 3/4", thread 1/8" B.S.F.
- DMU** (= Demi-Medium Uniplume), length 2 1/4", thread 3/16" B.S.F.
- LF/SUM** (= Large Fitting SUM), length 2 1/4", thread 3/16" WHIT.

NEW SUPERPLUME

Featherweight scored wings with delicately moulded serrated edges. For extra fine balance. One size only, 1/8" B.S.F. thread. In Red, Blue, Green and Yellow.

"Q"

Patents Nos. 648,217 and 664,850—Regd. Des. No. 880,707

Introduced 1955. Super-flexible wings remain square due to the waves or corrugations which prevent distortion; thus the Q is truer than any other plastic flight. The troughs and crests of the wings produce the aerodynamically correct drag for the steady progression of the darts to the target. Cream stem and Red, Blue, Green or Yellow wings.

Supplied in four lengths and four thread sizes as follows:

- QS** length 2 1/4", thread 1/8" B.S.F.
- QM** " 2 1/2", " 1/8" B.S.F.
- QL** " 2 3/4", " 1/8" B.S.F.
- DMQ** " 2 1/4", " 3/16" B.S.F.
- LSQ** " 2 1/2", " 3/16" WHIT.
- LMQ** " 2 3/4", " 3/16" WHIT.
- HPQ** " 2", " 3 B.A.

THE ALWYN MULLINS

As used with conspicuous success by *News of the World* Champion ALWYN MULLINS. Specially designed by him for devastatingly accurate throwing. With 1/8" B.S.F. or 3/16" B.S.F. thread, cream stem, Red, Blue, Green or Yellow wings.

NOVAPLUME

Moulded in one piece ready for insertion into cane or other slotted dart shafts, the Novaplume renders paper and other folding flights obsolete. A great merit of this flight is that it is easily inserted into the slots and does not crumple up as the soft paper flights.

UNIVERSAL

The inexpensive, but perfect flight for ordinary use. Supplied loose only, in minimum lots of one gross.

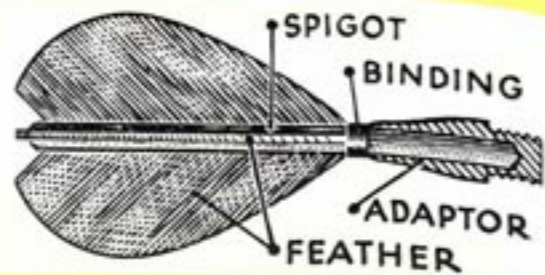

FEATHER DART FLIGHTS

Patent No. 664,850

UP to the year 1949 feather darts flights were constructed exclusively of a wooden "spigot", upon which feather wings were stuck. This arrangement was never entirely satisfactory, because wood, being a natural product, is subject to shrinkage and swelling according to the humidity of the atmosphere and thus the shank of the spigot, which enters the dart body, was almost invariably irksome and unsatisfactory operation.

In 1949 we invented, patented and introduced our now famous "Adaptor" feather dart flights, in which the "spigot" is made in two parts, namely the screw threaded plastic Adaptor itself which, being unaffected by atmospheric conditions, is always a perfect fit in the dart body and a wooden stick, which is a force-fit in the Adaptor and carries the feather wings.

Unicorn feather dart flights are made in our own factory, where all operations, including the sorting, washing, dyeing and drying of the raw feather, stripping from the quill and shaping the wings with precision cutters, fitting to the shaft and binding, are performed by skilled operatives under expert supervision. Unsuitable feathers are ruthlessly rejected and only the best part of each feather is used, whereby sturdiness and uniformity of the wings is assured. The utmost care is taken to ensure that the wings are mounted truly and squarely. Each flight is individually inspected before which cannot be surpassed.

UNICORN DARROW DART FLIGHTS

Patents Nos. 648,217 and 664,850.—Regd. Trade Mark 715,776

INTRODUCED in 1953, these dart flights afford approximately twice as great a wing area as the standard flights and consequently exercise a greatly increased steadying influence on the flight of the dart.

In spite of their larger wing area the Darrow flights do not obscure the dartboard, because when lodged in the board they do not appear to be any bigger, as viewed from the throwing position, than conventional flights. In ever-increasing demand. Feather or Plastic.

For ordering Darrow Feather Flights:—

Quote the correct Code (for thread and length of Adaptor and colour of feather required) appearing on page 49, excepting those of **HP** and **SF** flights and add the word **DARROW**.

Examples: **AMFSC/Darrow**—Darrow feather flight, coloured, with short Adaptor, $\frac{1}{4}$ " B.S.F. thread.

ALFMW/Darrow—Darrow feather flight, white, with medium length Adaptor, $\frac{3}{32}$ " WHIT. thread.

For ordering Darrow Plastic Flights:—

Quote the correct Code (for length of Adaptor and thread required) of any of the Uniplume Stemless flights appearing on page 46 and add the word **DARROW**.

Examples: **SUS/Darrow**—Plastic Darrow flight with short Adaptor, $\frac{1}{4}$ " B.S.F. thread.

LFSUM/Darrow—Plastic Darrow flight with medium length Adaptor, $\frac{3}{32}$ " WHIT. thread.

Unicorn Gossamer Dart Flights

Patents Nos. 648,217 and 664,850

GOSSAMER FEATHER

Extra thin (only $\frac{3}{32}$ " dia.), yet immensely strong special 4" cane shank, Plastic Adaptor. Lightest flight made, negligible weight ensures perfect balance. $\frac{1}{4}$ " B.S.F., $\frac{3}{32}$ " B.S.F. or 3 B.A. thread, which please specify.

GOSSAMER PLASTIC

Plastic Adaptor, hardened, tempered and plated steel shaft, replaceable featherweight plastic flight which pushes on rear end of shaft. Converts any dart into a "Game Shot" type Dart (see page 16). With $\frac{1}{4}$ " B.S.F. or $\frac{3}{32}$ " B.S.F. thread.

Illustration approximately half size.

Rainbow FLIGHTS

The Crystal box has a thousand-and-one uses in home or workshop. Can be supplied separately.

FINEST quality white and white dyed multi-colour flights in 12 different colour combinations, Crystal Plastic Container, 12 sets per Display Card. Each purchaser can choose his own favourite "personal" colour combination.

Single Cards or, for price advantage, UNIPACK of one Card plus 2 dozen sets flights uncarded.

DART CANES

We now only list our Adaptor Dart Canes which have found universal acceptance, owing to the ease with which they can be fitted into darts as compared with the obsolete type of plain cane. We can, however, still supply the latter on request in 6, 7, 7½, 8 and 9 mm. diameter and 2", 3", 4" and 5" lengths, shouldered or unshouldered. Any other size can be made to order.

STANDARD ADAPTOR DART CANES

Best quality Rattan Cane, Yellow Adaptors, blued spring steel clips.

To order quote:

- 2YAC, 3YAC, 4YAC or 5YAC for 7½ mm. dia. canes with ¼" B.S.F. Adaptors.
- 2YDM, 3YDM, 4YDM or 5YDM for 6 mm. dia. canes with ⅜" B.S.F. Adaptors.

Figures before the letters denote length in inches.

SLENDER-TYPE ADAPTOR DART CANES

Best quality Rattan Cane, Cream Adaptors, blued spring steel clips.

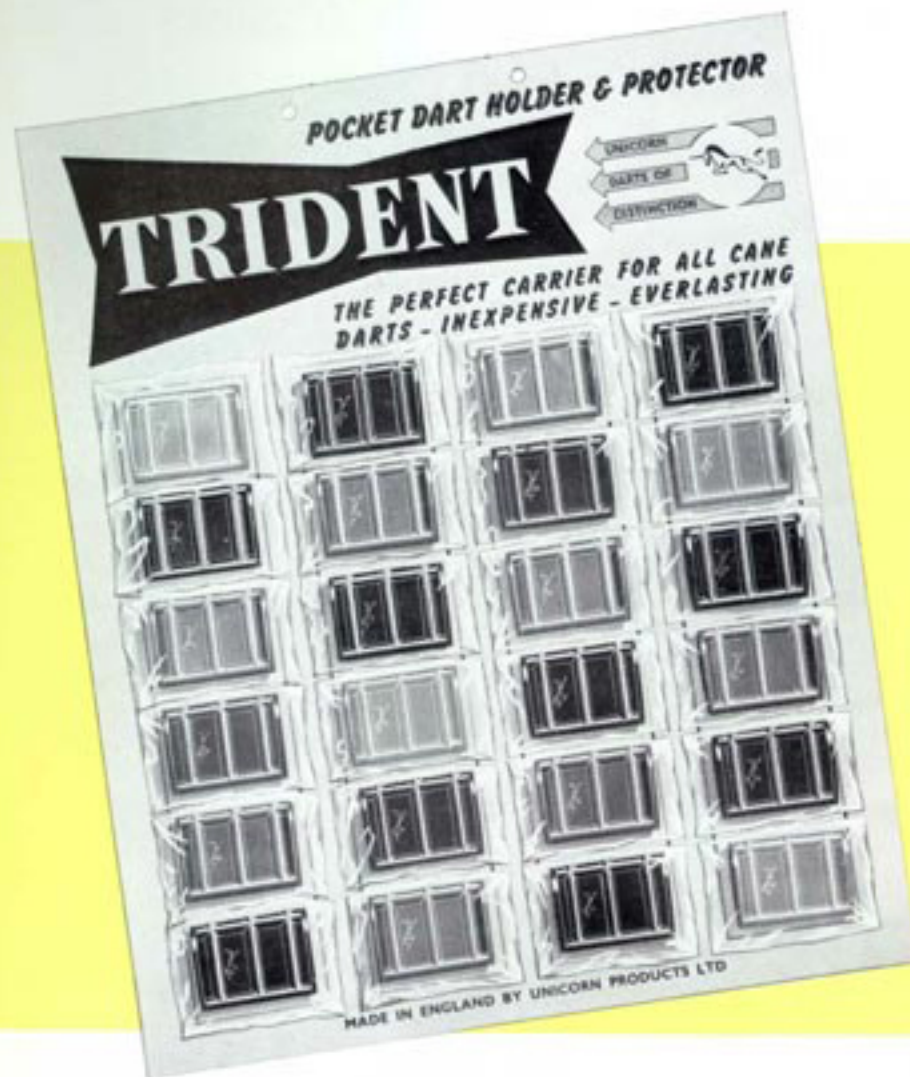

To order quote:

- 2ACM, 3ACM, 4ACM or 5ACM for canes with ¼" B.S.F. Adaptors.
- 2ACDM, 3ACDM, 4ACDM or 5ACDM for canes with ⅜" B.S.F. Adaptors.

Figures before the letters denote length in inches.

UNICORN ALADAPTOR FLIGHTS and CANES

ALADAPTOR/C, ,, 4ACM	Slender Type Cane (see above), but with Aluminium Adaptor.

TRIDENT Cane Dart Holder and Protector

THE ideal means for carrying Cane Darts in the pocket. No other protection required. Inexpensive—everlasting. 2 doz. per Display Card.

UNISTRIPLE

Folding Paper Flights

Best Kraft, heavily gummed, printed as shown in colour to render the Darts more readily visible in the board, 3 sets in packet.

Code: Thick (Red)

UTK

Code: Thin (Blue)

UTN

DART CANE SETS

Any of the Dart Canes listed on Page 54 can be supplied in packets containing a set of 3 canes and two sets of UNISTRIPLE Flights, Thick or Thin.

To order quote type of Cane and Flight required.

Example:
1 doz. packets
3ACM/UTK

UNICORN DART POINT SHARPENERS

Patent No. 706,220

Blunt or damaged points not only ruin the dartboard, but as they do not penetrate readily, may cause loss of score.

The "Jiffy" Dart Sharpener consists of an abrasive stone made with a conical cavity, a dart point rubbed around this a few times occasionally or as required, will be maintained in perfect trim.

Best quality vitrified carborundum, 12 stones on Display Card.

Dartboards

CLOCK

DOUBLES

FIVES

MANCHESTER

We offer a comprehensive selection of Dartboards to suit all purposes and pockets. Coiled Paper Dartboards have fully established themselves for general use, whilst for Club or Public House requirements the Bristle Dartboards can be recommended.

UNICORN TROPHY

UNICORN
Trophy Darts are exact replicas on a larger scale of Patterns 102, 155, 189, and 192.

Approx. 11" high, mounted in black plastic plinth, they are the ideal Darts Prize and make attractive centre pieces for window display.

Chrome, Silver, or pure Gold Plate.

Plinth can be engraved, or engraved silver plaque can be readily affixed to it if trophy is required for prize.

GOLDEN UNICORN

A splendid prize, Patterns 102, 155, 192, or 268, pure Gold Plate, in maroon and beige jewel type case, Red and White or Blue and White Feather Flights. Any other pattern can be supplied at slight extra charge.

Sales Aids

GIANT DART DISPLAY

A wonderful attraction for special window display, similar to Trophy, but stands approx. 4' 0" high, solid brass, chromium plated, in exact proportion to standard darts. Can be loaned to our distributors.

WINDOW PLAQUE

As illustrated, can be affixed to shop window or door free of charge.
