The UNIC BOOK of Darts

Conditions

UNICORN Darts and Accessories are distributed exclusively through accredited retailers and cannot be supplied direct to clubs or individuals. If in difficulty please ask for address of nearest retailer.

Whilst every endeavour is made to supply dart patterns as ordered, we reserve the right to substitute nearest available pattern in stock if, in our opinion, not to do so would cause undue delay in despatch.

We reserve the right to make any alteration in the design, material or arrangement of our products, or any part of same which, in our view, will improve them.

All UNICORN products, including their construction, design arrangement and trade names, are protected by patents, design registrations, trade marks, copyrights and/or pending applications and rigorous action will be taken against all infringers.

The contents of this volume, including text, illustrations and arrangements, are copyright and all rights in connection therewith are reserved.

The UNICORN Book of Darts

THE UNICORN range of fine quality dart products embraces the world's most comprehensive selection of patterns, flights, cases and accessories, all carefully designed and precision made to satisfy the needs of every dart player and graded in price to suit every pocket.

This catalogue includes many new best selling lines, the result of a continuous research and development programme that keeps Unicorn the big name in Darts.

Light Barrels

UNICORN dart barrels represent the very best in dart styling and manufacture

Particular attention has been paid to design, so as to offer the widest possible choice of weight, shape, balance and grip to satisfy the most exacting player

For ease of selection the barrels are presented here classified by weight, the precise weight of each dart being indicated

Any particular pattern can be found by number by consulting the index on the inside back cover

All darts are illustrated full size

Feather Flights

Sweeper Long Life Flights

Patent, Trade Mark and Design applications pending
An entirely new concept in feather flight design

Radial feather barbs offer no resistance to following darts, allowing closest ever grouping, as well as providing immense stability in flight

Made from an extra resilient type of natural feather, SWEEPER flights do not get out of shape in play and last many times longer than a conventional feather flight

Rainbow/Aladaptor/Paper Flights
