8 REASONS WHY GM?

You should stock GM because:

1. All GM English Willow DXM bats in this Book of Cricket are designed and produced by our own craftsmen and women in our own factory in Nottingham, England
2. The GM factory is the most technologically advanced in the World
3. Only GM blend state-of-the-art DXM technology with 140 years of craft experience
4. From tree to track, we source much of our willow ourselves, raising quality standards even higher
5. We have direct and absolute control over every aspect of the bat manufacturing process
6. GM Bats lead the industry with continuous improvement and investment in machinery, people & processes. GM 2025 bats are our most advanced yet, the perfect synthesis of manufacturing experience and pro-player feedback.
7. GM make more bats in England than all other bat brands put together
8. All GM 2025 DXM bats feature our superlative livery, showing more of the blade. We are very proud of our Made In England manufacture and have Nothing To Hide!

GM DXM bats are acknowledged by cricketers as the Best Bats In The World. Pick up a GM DXM bat Made In England by England's Best and Feel The Difference

Ask other brands where "their" bats are made and by whom. Ask us, and we will tell you about Kevin, Brian, Robert, Dave, Adrian, Mark, Janice, Dan, Lewis, Vic, Csaba, Adam, Alan, Nick and the whole team. Better still, come and visit the factory in Nottingham and see GM British Manufacturing Excellence leading the World for yourself!

BEN STOKES | ENGLAND CAPTAIN
TALISMAN & SUPERHERO

Captain Ben Stokes. Redefining Test Cricket. Building aspiration and excitement, giving players the freedom of expression to excel.

BAT WEIGHTS: IMPORTANT INFORMATION

Bat weight and performance is dependent on the particular cleft of English Willow that it is made from. No two clefts are the same even from the same tree.

Heavier willow - less prone to damage, inherently more powerful.

Lighter willow - more manoeuvrable, faster bat speed.

ALWAYS SELECT A BAT BASED ON ITS PICK UP, HOW IT FEELS TO YOU, NOT ON ITS SCALE WEIGHT.

BAT SIZES EXPLAINED

GM BLADE LENGTHS

GM 2025 Adult bats feature two different blade lengths - L540/555. Each blade shape is optimised for a specific blade length. As blade length decreases, handle length increases so that the overall length of the bat remains constant.

Shorter blades allow for faster hands through the ball, more dynamic sweet spots, larger swells, supreme balance and explosive power.

GM DXM

Our world leading DXM process implements the findings of a 5 year research programme into bat materials and manufacturing technology. Substantial investment in research, expert advice and machinery means:

- + Superior wood conditioning improves the stability and consistency of willow pre-production
- + A new paperless design process using state-of-the-art CAD (Computer Aided Design)
- + Quantum improvements to the vital pressing operation
- + Blade crafting by advanced CAM (Computer Aided Manufacturing)

GM F-TECH

All GM English Willow bats benefit from our extensive knowledge of Face Dynamics for optimised face profiles for each blade design.

GM BAT CARE

FACTORY FITTED PROTECTION

GM NOW!

"Knocked-in" by the batmaker in-house

Raw linseed oil applied to reduce cracking and splitting by maintaining the moisture level of the blade

Clear anti-scratch cover applied to the face and edges to increase blade durability

TOETEK™

DriGuard applied to resist damp and minimise toe swelling

Specially shaped resilient shield fitted to toe of bat

Reduces toe damage and feathering that is often caused by tapping at the crease

Further barrier to damp

GM BAT GRADES

MADE BY
England's Best

We offer English willow bats in nine qualities:

**ORIGINAL L.E., ORIGINAL, SIGNATURE L.E.,
909, 808, 707, 606, 404 & RADON.**

Each quality is developed around different grades of willow.

GM GRADING - INDUSTRY LEADING

ORIGINAL L.E. ☆☆☆☆☆

- + The very best unbleached seasoned Grade 1 English Willow
- + Selected for grain structure and weight
- + Limited by willow availability
- + Bats individually tested to ensure 5 Star performance
- + Fitted with top quality treble spring multi-piece cane handle for outstanding feel, flex and control
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

ORIGINAL ☆☆☆☆☆

- + Superior unbleached seasoned Grade 1 English Willow
- + Predominantly straight grained with a hint of colour and minor cosmetic blemishes
- + Fitted with top quality treble spring multi-piece cane handle for outstanding feel, flex and control
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

SIGNATURE L.E. ☆☆☆☆☆

- + Prime unbleached seasoned Grade 1 English Willow
- + Predominantly straight grained with colour on one edge and minor cosmetic blemishes
- + Fitted with top quality treble spring multi-piece cane handle for outstanding feel, flex and control
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

909 ☆☆☆☆☆

- + Unbleached seasoned Grade 1 English Willow
- + Predominantly straight grained with colour on one edge and minor cosmetic blemishes
- + Fitted with top quality treble spring multi-piece cane handle for outstanding feel, flex and control
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

808 ☆☆☆☆☆

- + Superior unbleached seasoned Grade 2 English Willow
- + Minor blemishes, may have some colour to one edge
- + Fitted with good quality treble spring multi-piece cane handle for outstanding feel, flex and control
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

707 / SIGNATURE ☆☆☆☆☆

- + Seasoned unbleached Grade 2 English Willow
- + Minor blemishes, may have some colour to one edge
- + Fitted with good quality treble spring cane handle
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

606 ☆☆☆

- + Superior seasoned unbleached Grade 3 English Willow
- + Minor blemishes, may have some colour to one edge
- + Fitted with good quality treble spring cane handle
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

404 ☆☆☆

- + Seasoned bleached Grade 3 English Willow
- + Knot marks with some stain/speck
- + Fitted with treble spring cane handle
- + GM NOW! & ToeTek™ finish fitted as standard (see p4 for details)

RADON ☆

- + Seasoned Grade 4 English Willow
- + Grained GM polycarbonate DuraCover
- + ToeTek™ toe guard fitted as standard (see page 4 for details)

PLAYERS EDITION BATS

PLAYERS EDITION BATS SUPPLIED WITH PROTECTIVE BAT CASE

GM's DXM technology allows us to offer precise replicas of leading GM Players' Bats. The label of the bat will be as the Player will use during the current season. Our unique Computer Aided Manufacture produces bats to the precise player profile and dimensions. Now, keen cricketers around the World can use the precise shapes used by GM's top international stars including Ben Stokes, Ben Duckett, James Vince and Aiden Markram.

PLAYERS EDITION bats are made from very select LE timber and are finished with prestige PLAYERS EDITION identification and superb laser engraved player autographs. GM NOW! and ToeTek™ finish fitted as standard. PLAYERS EDITION bat weights cannot be specified and will be "as finished".

Please visit www.gm-cricket.com for each player's individual specification.

- Soft feel grip
- Not suitable for use with a hard cricket ball

IMPORTANT

Kashmir Willow Bats from India and Pakistan have some different characteristics from English made bats and even though the faces of these bats have been pressed to give a tough resilient surface, nevertheless some surface cracks and indentations will, in all probability, appear in use. Such markings should be ignored; they are normal for this type of timber and will not detract from the continuing good performance of the bat.

THE GM 'YOUNG GUNN' RANGE HAS BEEN SPECIALLY DESIGNED TO GIVE FUTURE INTERNATIONAL CRICKETERS A FLYING START TO THEIR CAREERS. ALL PRODUCTS FEATURED IN THIS RANGE HAVE BEEN APPROVED AND ENDORSED BY TEAM GM.

GM PURIST GEO II HELMET

FITTED WITH GEO GRILLE

COMPLIES WITH BS7928:2013 SPECIFICATION

DIAL ADJUSTER

MOST COMFORTABLE LINING YET

AVAILABLE COLOURS

GEO™ STEEL GRILLE

- Geodesic designs are mathematically proven to be ultra strong structures
- The use of geodesic designs ensures the grille has optimal impact resistance from all frontal directions
- All bars of the Geo grille feature properties of geodesic curvature
- Patent application no. GB 1414762.3 applied for. Registered design number 4036872

PURIST® GEO II HELMET 5017

SENIOR LARGE • SENIOR
JUNIOR • JUNIOR SMALL

CONTEMPORARY FINISH,
TECHNICALLY ADVANCED

THE PURIST PRO WAS THE MOST DEMANDED HELMET
IN THE MARKET - NOW THERE'S THE PURIST GEO II

- Complies with BS7928:2013 Specification for Head Protectors for Cricketers, British Standards Institute
- Improved peak strength and precisely fitted steel Geo grille greatly reduces the risk of the ball penetrating the gap between the two

- Fitted with a steel Geo grille as standard
- Rigid, high impact outer shell with EPS liner withstands great force
- Complete with new dial adjuster band for ease of fitting and removal of helmet mid innings
- Choice of colours: Navy, Green, Maroon

LARGE • MEDIUM • SMALL

TRADITIONALLY STYLED, TECHNICALLY
ADVANCED - SERIOUS HELMET
FOR THE SERIOUS CRICKETER

- Complies with BS7928:2013 Specification for Head Protectors for Cricketers, British Standards Institute
- Dual Density EVA foam/EPS combination is comfortable and protects against impact
- Fitted with a steel Geo grille as standard
- Sleek grille-shell integration system

- Lightweight construction provides great balance and vision
- Specifically engineered internal channels to maximise airflow around the head and between the channels to keep the wearer cool and comfortable
- Active sweat wicking and ventilation system
- Choice of colours: Navy, Green, Maroon

**TEKNIK™ PLUS SOCKS 7157**

ONE SIZE 6-13

One size fits all – this is a technical sock which shrinks in the wash but stretches back to its original size. The GM Teknik Plus sock combines Merino Wool and polypropylene to help wick away moisture, keeping the feet dry and blister free. The loop pile construction provides fully cushioned comfort.

The double padded sole, incorporating Cordura in the heel and toe, ensure durability and protection and with a specially designed relaxed top, ventilation channels and a flat link toe seam.

Teknik Plus - the ultimate cricket sock!

THE GM PICK-UP INDEX

Gunn & Moore English Willow bats are expertly crafted to produce the best balance available from a particular cleft of timber.

Most cricketers appreciate that whilst the absolute weight of a bat is of interest, it is the 'feel' or 'pick-up' of the bat when playing strokes that is more revealing of its character and more useful to tune the bat to the player's technique.

A bat with a 'light' pick-up may well suit a 'touch' batsman more accustomed to guiding or controlling the ball accurately in precise directions, whilst a 'heavier' pick-up bat will be appreciated by batsmen more used to the power game.

Gunn & Moore introduce the GM Pick-Up Index, an assessment made at the factory by the batmaker of the bat's relative pick-up. This is a subjective view as to the type of batsman who may derive maximum performance from the bat, rather like a wine expert recommending a particular vintage to suit an individual's taste.

The Pick-Up Index will prove useful in helping batsmen select a particular Gunn & Moore bat to further develop and exploit their technique to very best advantage.

The top quality equipment, clothing and footwear described in this brochure has been designed and tested by Gunn & Moore experts and built by craftsmen using the finest selected materials to the exacting standards of craftsmanship for which Gunn & Moore products have been world famous since 1885.

Gunn & Moore reserves the right to make any alterations to the design, material or arrangement of these products which in their view will improve them. We claim intellectual property rights in our products and their trade dress as appropriate, including patents, design registrations, trade marks and copyright. Rigorous action will be taken against all infringers to maintain those rights to protect dealers and users from imitation. WHICH GUNN & MOORE BAT?

Selecting a cricket bat is a very personal decision. There are no right or wrong bats, the bat to choose is the one that feels most comfortable for you. We recommend that you always feel the bat before you buy it and that you pick up several bats before making your final choice. Make sure you ask where your bat is made and by whom. All GM DXM English willow bats are made by our own craftsmen in our own factory in Nottingham, England. GM 5 Star dealers carry a wide range of GM bats and will give sound advice.

The Gunn & Moore range of bats is designed to suit every technique and budget.

We offer seven blade shapes designed using our world leading DXM process:

**DIAMOND® L540, VERA™ L540,
BRAVA™ L555, PSYCHE™ L540,
AION™ L555, MANA™ L540 & RADON™.**

Each shape has different profile characteristics which are explained in detail on pages 3-14.

We offer English willow bats in nine qualities:

**ORIGINAL L.E., ORIGINAL,
SIGNATURE L.E., 909, 808,
707/SIGNATURE, 606, 404
& RADON™.**

Each quality is developed around different grades of willow which are explained in detail on page 5.
